

Recess Behavior Expectations

- A happy and safe place to learn

Hi everyone,
I am Erlund. I am
here to speak to you about the
rules around entering and
exiting our building and having
a safe and happy recess.

Before the Morning Bell:

- RVS students wait outside until the bell rings
- Students can wait with a parent in the common area
- Grade 3,4,5 and 6 students will line up in designated areas.

As you Enter
our
School:

- Boots and dirty shoes are to be placed neatly on the boot racks.
- Grade 7 and 8 students can wear their shoes into the school as long as they are clean and dry.

Even
eagles
don't like
messes.

Once you are dismissed from class for recess:

- Use the washroom if you need to
- Stop at your locker and dress appropriately for the weather
- Head directly outside and stay outside until you hear the bell ring.

**Even eagles
need to
follow the
rules.**

- If you are in our building before the first bell, during recess or after dismissal without permission from a staff member there will be a consequence for not following the rules.

Boundaries

There are a few areas where you should not be:

- Around any sheds
- Around the Greenwood Neighborhood Place building
- Near the Art Center, Learning Centre or Cosmetology building
- High School parking lot
- Outside the fence line.

Recess activities should be helpful not hurtful. For everyone involved they should be:

- safe
- fun
- follow all of the school rules .

Activities at recess cannot be videoed or photographed by a student unless it is part of a staff approved - project.

If you get injured or have a problem on the playground during recess:

1. Locate the nearest supervisor and they will help you out.
2. You may be asked to go to the office as a consequence or to get help. If you require help to get there, the supervisor may assign a friend to help.
